

Dear Parents,

Just a short note today to introduce our newest TCC chairperson to the community. Please see the attached letter.

For all the parents who are new to our community, the purpose of the TCC is to cooperate with Tanarata International Schools to advance the interests of the school and to promote the well-being of the students, parents, and teachers.

To this end it shall:-

- a. Broaden the dimensions of the TiS education through awareness of recent trends in education via communiqués, conferences, guest speakers, provide educational support and parent involvement where required.
- b. Advance the moral, academic, and physical growth of the students and to promote the well-being and international image of The School and by sponsoring or supporting events/activities;
- c. Raise funds to support TiS and its students through activities and projects,
- d. Promote community service in all areas of social interaction; and e. Promote understanding and cooperation among students, parents, and teachers.

We welcome Ms Adrienne Josef and look forward to working closely with her in her capacity as chairperson of TCC.

We have loads of activities lined up this term, the first one being our **STEM themed Halloween Carnival happening on 20 Oct, Friday**. We look forward to active participation from all our community members.

Best regards,

Barnali Guha

PS : Tomorrow is a public holiday, we will see our students back in school on Friday 29th Sept.

27th September 2023

Dear Parents,

Welcome to the new academic year (2023-24) from the Tanarata Community Club (TCC). If this is your first year at TiS,

I would like to extend a very warm welcome to each of you and if you are a seasoned TiS family member, welcome back and I'm sure you are looking forward to yet another amazing year at TiS!

Let me start by introducing myself. I am Ms Adrienne Josef. I have been a teacher at TiS for the past 16 years, of which 6 years has seen me as a parent of TiS. It has been an absolute pleasure and honour to be a part of this amazing family and it is an even bigger honour to be given the role as the Chairperson of the TCC.

I would firstly like to take this opportunity to say a very BIG thank you to Ms Vidhya Aratish and her committee for everything they have done over this last four years. Their dedication and commitment has brought much positivity and made every event a huge success. We truly appreciate it.

TCC is a collaborative partnership between our school and families which focuses on ensuring a safe and secure learning environment for our children where strong and respectful relationships can flourish.

Over the years, we have seen great progress made by the TCC and for this upcoming year, we must continue to build on the success to reach our goals and objectives. In this regard, we will continue being actively involved in organising and supporting the various programs and events throughout the year, and at the same time, enhance our children's learning.

I am looking forward to continuing the working partnership we have established with our affable principal, outstanding teachers/staff and invaluable parents to provide an excellent learning experience and environment for our children.

As we start the year, I have reinstated the “Reading Program” where parent volunteers come in to assist students in increasing their reading proficiency.

Following this, the TCC will be setting up a dessert stall during our Halloween Carnival to raise funds for our future programs. These are just some of the activities we have lined up, we will keep you updated periodically regarding our events and activities.

We would love for each family to find a way in which they can be a bigger part of our school. Please consider getting involved this year by volunteering. Many hands make light work. Please don't hesitate to get in touch with myself or any of the committee members. We would love to help you find a way to become an active member of our school community through the TCC.

The number one reason to join the TCC is to benefit all the children. In doing so, you help us achieve that goal. Here are some of the many advantages:

1. You will be demonstrating to your child the importance you place on education and the relationship we have with TiS.
2. By volunteering with TCC, you not only gain valuable experience, but it is an opportunity to put your skills and hobbies to good use, for a good cause.
3. By getting involved, you will be part of the solution and helping to make positive changes.

4. The TCC is a forum for exchanging ideas; attending the TCC meetings and events throughout the year allows you to make suggestions and provide your constructive input.

Remember, we are all in this together, excellence through collaboration is key to our success and will propel our children and school to greater success.

Please feel free to have a chat with me should you have any queries or concerns. I look forward to working together with all teachers and parents in making this academic year an exciting and successful one for all!
